"I really enjoy the MORE app. it helps me a lot to see the books I cant see at the library and I like how it tells when it is transporting and when it is at the library it notifies me so I really like this app" -Magnus

Two library successes, and their impact

Picture book rearranging and update. Find books by categories. Helps young readers find books they want easier! For example, princesses, boats or Bluey.

Increased county reimbursement to 85% for 2023 & 2024. The 5% increase adds an additional \$5,000 to our budget. The additional funds will go towards purchasing both physical items and e-materials.

Looking ahead to 2023!

We started with a little paint followed by a new logo. Wait until you see what happens this year! It won't be long...it's coming this Spring.

This summer, we're All Together Now.
