Event Highlights

Blind Date with a Book

Are you a non-fiction fanatic or a master of mysteries? Do you reminisce in romance or tend toward thrillers? Fill out a reader's profile on our website to participate in this year's Blind Date with a Book! You'll get matched with a book we're sure you'll love!

Heartfelt Handmades: Making Valentines for Seniors

Join together as a community to decorate holiday cards for folks at Prescott Nursing & Rehabilitation Center!

Family Craft Hour: Fleece Tie Blankets

Join us for our monthly craft hour! January's theme is fleece tie blankets. Come by yourself or with a group and build blankets for children at Gillett Children's Hospital! Materials will be provided.

STEM Literacy Night

This will be a library storytime you won't forget! Join children across the nation as we share a story and hear from Phoebe Kinzelman, a professional snow surveyor! We will also participate in a group STEM activity related to snow.

Pokémon Trade & Play

Whether you play with traditional cards or virtually on games like Pokémon GO!, Arceus, or Violet, join us at the library on National Pokémon Day to trade and play with other Pokémon fans! Children ages 8 and under must have a caregiver on the premises during the program.

Homeschoolers' Hub

Families of homeschool children ages 3-13 are welcome to join as we have storytime and activities led by library staff based on a science theme. We will also have a virtual guest scientist who will discuss their work with time for Q&A! Registration is required.
