Event Highlights

Mark Moran Antique Appraisal

Mark Moran will be back in Prescott for an antique appraisal event! **Registration is required**, and the first 40 will be processed and scheduled in order of receipt. Patrons are limited to one appraisal. Limitations apply. Visit our website for more information and to register.

Science of Brewing

Get a behind-the-scenes look at the process of brewing from Hop & Barrel brewmasters! We will discuss many frequently asked questions, including how to pair different types of beer with food. Snack samples will be provided.

Fifth Week Free Play

Stop by the library on fifth Wednesdays (4/30 and 10/29) or Thursdays (5/29 and 7/31) to play with toys, puzzles, games, play doh, and craft supplies! The Mississippi Room will be open for drop-in fun for the whole family.

Revenge of the Sixth

Join us for a Star Wars themed evening with storytime, crafts, and snacks to celebrate the Sith Day of May. Star Wars costumes are suggested but not required to have a fun evening with the family!

BioBlitz Kickoff

Prep for the BioBlitz by learning about how to use mobile apps to help scientists collect data! From bumblebees to birds, you and your family can identify and log observations of plants and animals in your own backyard using apps such as eBird, iNaturalist, and Bumble Bee Watch.

Prescott BioBlitz

Download the iNaturalist app on your mobile device and join our *Prescott BioBlitz* project! No matter what your interest (birds, bugs, plants, mammals), all observations help scientists measure what living things call Pierce County home. We can't wait to see where you go and what you find when you explore!
